Naruto team 8

Throughout the Naruto series, shinobi is seen to get split into a unit of three people, with Jonin the leader at the top, commanding them. Distributed based on their skills and maintaining balance throughout the unit, teams are often sent to various missions whose difficulties usually depend on their skills and ninja rank. This ninja system, although more prominent in Konoch, has also been adopted throughout five countries. Each generation of shinobi has created some great teams that have left their mark in history. Here are the 10 strongest ninja teams in Naruto that we are witnessing. Updated on August 13th, 2020 by Josh Davison! Five states have several shinobi teams to defend them, and Boruto has introduced a new generation of shinobi teams to be ranked. Although this article is already included in the Boruto team, they are not the only new ninja team introduced in the follow-up series. On top of that, there are many self-constructed teams that do not fit the traditional shinobi team system in many hidden villages. We are going to add these other shinobi teams to expand this list with five new entries. 15 Team Dosu This is a team that is often overlooked by people who didn't play Naruto CCG and online turn-based game, Naruto Arena. They had a team of shinobi organized by Orochimaru to help him infiltrate Chunin exams naruto generation Genin. The team consisted of Zaku, Dosu, and Kin. They attacked Sasuke and Sakura to death in the woods and were eventually killed. Dosu was killed by Gaara, and Zaku and Kin were killed when they were used as hosts for the first and second Hokage, when Orochimaru resurrected them in a fight with the third Hokage. 14 Team 5. It consists of Metal Lee, Denki, and Iwabee. Metal Lee is the only one who has really expanded after the manga, and he is a master taijutsu like his father, Rock Lee. Iwabee has been proven to be a skillful ground using ninja anime, and Denki has remained a rather weak bookworm. This leaves the team short one member now, which is the main one of the reasons they are at the bottom of this list. However, Boruto can still show this team in the powerhouse. 13 Team 8 Led by Jonin Kurenai Yuhi, Team 8 included Kiba, Hinata, and Shino. Widely regarded as one of the most underrated teams in Konoha, Team 8 is actually very powerful and specializes in tracking and detection. Until the conclusion of the Naruto series, this team continued to become very successful, completing a horrible number of missions along the way. Even without Kurenai, they played an important role in the 4 Great Ninja War right on its very end. It goes without saying that team 8 is one of the strongest in the series. 12 Team Samui Team Samui comes from the village, hidden in the clouds and consists of Samui, Karui and Omoi. They were sent as emissaries from Cloud Village to Leaf Village after Sasuke Attack Killer and later to Kage's summit. The team is largely qualified for weapon use, although Omoi shows the ability to use lighting techniques. Although the team can be extremely powerful, we haven't proven much of their ability to post largely sword-based techniques. 11 New Team 10 Boruto's Team 10 brings together a new generation of Ino-Shika-Cho, with, Shikadai, and Inojin and directed by Moegi – an old friend and peer of Konohamaru. This is the team that has most expanded after most of Boruto's non-new generation 7 team. The new team Ino-Shika-Cho has already shown that there is power and skill similar to their predecessors, and may yet surpass the former Team 10. As a 16th generation Ino-Shika-Cho, this team was built on incredible teamwork and clever tactics created by a lack of stamina. Its members were Shikamaru Nara, known for his intellect, Ino Yamanaka, famous for his sense of Jutsu, and Choji Akimichi, a trusted powerhouse, when it came to fighting. Together these three made, arguably, the steadiest team that we've seen in Naruto. Their sensei, Asuma, is not someone who underestimates either. 9 Team Tobirama One of the more mysterious teams of Naruto, Team Tobirama existed back in the early years of Konoch formation. As its name suggests, this team was led by Tobiram Senju and its members were Hiruzen Sarutobi, Koharu Utatane, and Homura Mitokado. Hiruzen became famous shinobi and surpassed Tobirama long before he even hit his prime. Meanwhile, both Kohar and Homura went on to become reputable elders of Konohagakure. Unfortunately, being used as a team is still unknown, but they are probably one of the strongest of their time, if not the strongest. The 8 Gaara team of Gaara team from Naruto included Gaara himself, and two of his brothers and sisters, Kankuro and Temari. As in the 4th Kazekage children, Rasa, all three of these shinobi had an excellent fight, especially as a team. Unsurprisingly, Gaara was the strongest among the three, although Kankuro and Temari were not too far behind either. By the beginning of Naruto Shippuden, Temari and Kankuro had both gained rank in Jonin, while Gaara had risen to rank Kage, also becoming the youngest Kage ever in the process. This team was full of prodigies who showed their potential to the maximum. 7 Team Konohamaru One of the team from Naruto's new generation, Team Konohamaru is headed by grandson of the third Hokage, Konohamaru Sarutobi. Its members are quite high profile as well, including the likes of Boruto Uzumaki, the son of The Seventh Hokage, Sarada Uchiha, Sasuke's daughter, and Mitsuki, orochimaru's child. All three of these genin are exceptional and their teamwork is pretty good as well. Now, Mitsuki seems to be the strongest of all three, followed by Boruto Uzumaki, and finally Sarada Uchiha. they don't appear strong, they're surprisingly tough and can even write down the toughest enemies like Ao. 6 Team Jiraiya (Ame Orphans) Team Jiraiya included Amegakure orphans that Jiraiya once trained during the second great ninja war. This team included Yahiko, Konan, and Nagato, who were all orphans in the Nee-War that devastated their land. Under Jiraiya's inception, they become very profied Ninjutsu, and later set up in Akatsuki, with the original purpose of peace in their minds. The strongest of this team was, without a doubt, Nagato, as he possessed Rinnegan. Both Konan and Yahiko were also very impressive and had become strong enough to lead a large battalion of ninjas dedicated to their cause until Hanzo and Danzo's little trick destroyed them from the inside. Team 5 Minato Team Minato was formed sometime before the Third Great Ninja War and was led by Yellow Flash, Minato Namikaze. Their ranks included the likes of Kakashi Hatake, Obito Uchiha, and Rin Nohara. Because of his impeccable talent, Kakashi was promoted to rank Jonin in no time, and so, his skill was higher compared to the other two. However, Obito and Rin were more than capable of fighting powerful enemies, as seen in the third Great Ninja War. Although their teamwork had just been seen, Kakashi and Obito combined exceptionally well, and Rin provided a great need to back up as well. Team Guy 4 Runs one of Konoha's strongest Jonin, Might Guy, Team Guy consisted of Rock Lee, Hyuga Neji, and Tenten. Like Guy, Lee specializes in using Taijutsu and has mastered Eight Inner Gates over the years. Neji was a Hyuga prodigy, strong enough to promote the rank of Jonin during the two-year time skip, but Tenten is extremely skilled in Kunochi as well. Unfortunately, this team is no longer active after the death of Neji Hyuga during the Fourth Great Ninja War. However, it featured some of the fiercest shinobi that we've seen in the Naruto series. 3 Taka/Hebi Although this isn't a team founded in shinobi village, it has a number and structure for the official team. Sasuke, Karin, Suigetsu, and Jugo formed the team, and it was led by Sasuke himself. Originally it was intended to haunt Itachi, which is when it was called Hebi. However, the team rebranded itself Taka when it began working with Akatsuki. They first persecuted Killer Bee and later ambushed Kage's summit. Sasuke already had a very strong shinobi at this point, and Jugo and Suigetsu have nothing to shrug off either. Karin backs up the team with their unique healing abilities, and overall they make a deadly and powerful team. 2 Team Hiruzen One of the strongest teams ever there and arguably the most popular, Team Hiruzen consisted of Jiraiya, Orochimaru, and Tsunade Senju. In their prime, they went on to earn the title of Legendary Sannin. All three Hiruzen students were strong enough to be Kage, with Orochimaru being put With regard to the position of the Fourth Hokage, Jiraiya has repeatedly rejected this position, and Tsunade is Konoha's fifth Hocado. They don't always get along with each other, but when they did, enemies covered in fear. 1 Team 7 the strongest known three-man cell that we've seen in Naruto, Team 7 was led by Jonin Kakashi Hatake. This included Naruto Uzumaki, Sasuke Uchiha and Sakura Haruno. From the beginning of the series, this team showed a very high potential, which they like to see only once in a generation. Until adulthood, all of them have become capable shinobi, and so far their teamwork remains unbeatable. One of their greatest feats involves defeating Kaguya Otsutsuki, pious is, all on their own. Without a doubt, Team 7 is the strongest known team overall in Naruto.
